HURRICANE MICHAEL LAST DATE TO INVOICE WAIVER REQUEST

October 17th, 2018

We respectfully request an automatic waiver of the Last Date to Invoice rule for all applicants who were affected by Hurricane Michael. Many of these counties suffered catastrophic damages to their infrastructure and will be without power, including internet, for several weeks or even months. Many of these entities have lost access to E-rate records and invoices, and in many cases this data has completely been destroyed. They are completely focused on recovering from the hurricane and may be unable to meet E-rate invoice deadlines or file for an extension by the original deadline.

As the State E-rate Coordinator we are requesting invoice deadline extensions on behalf of all affected entities. FEMA designated the following counties in the Panhandle of Florida as major disaster areas: Bay, Calhoun, Franklin, Gadsden, Gulf, Holmes, Jackson, Liberty, Taylor, Wakulla, and Washington

We thank you for your consideration in the matter as we all attempt to navigate these trying and challenging times.

Impacted FRN's are provided below.

Respectfully,

Lyell Walker and Devin Boyd

State E-rate Coordinators, Florida

Department Management Services

Tallahassee, Florida

erateassist.district@dms.myflorida.com

This is a list of potentially impacted FRN's. There may be other FRN's and applicants who will be unable to meet the last date to invoice deadline that are not included in this list.
